

Elsevier Author Workshop

Tuesday, May 21st at 4:00 PM

Co-located at IPDPS 2013
Hyatt Regency Cambridge

Scientific Publishing: A guide to journal publication and book authorship

Registration:

This Author Workshop is FREE OF CHARGE and open to all computer science students and faculty in the Boston area and IPDPS 2013 delegates. We do kindly request that you register for the workshop by submitting the form provided at:

<https://www.surveymonkey.com/s/7YHXKHP>

Intended Audience:

You've completed your experiments and want to publish your work in a peer-reviewed journal. Are you wondering where to start? Do you want to learn how to structure your paper, or what to include in a cover letter? Is the submission and peer review process a mystery to you? Perhaps you've submitted your work before and are in need of some guidance interpreting and responding to reviewer comments. Are you interested in book publication, but don't know where to start?

If this sounds familiar to you, register now for the Elsevier Author Workshop to be held during IPDPS 2013 and learn some of the tips for taking the next steps from a top scientific publisher.

The workshop will take place on Tuesday, May 21, from 4-6 PM at the Hyatt Regency Cambridge during the 27th IEEE International Parallel & Distributed Processing Symposium.
